** These are four year universities.

Want to help continue to make a college education affordable to all?

Students' hard work and energy have changed state laws to mandate that these schools charge one rate to all students, regardless of immigration status. Together we moved public policy to give \$2.4 million to these schools so they can charge on flat-tuition fee to all students, but we must keep pushing!

Contact the Immigrant Freedom Network to get plugged in so we can all work together to continue to make college a reality for everyone:
